 - Apps (all with mobile web version) eBudde™ App

Approved computer specifications:

Recommended Minimums:

2.0 GHz CPU - 4GB RAM

Recommended Systems:

3 GHz CPU - 6GB RAM

The eBudde™ system uses Microsoft Excel .xlsx for the printing of the reports.

The eBudde™ system can also print in Adobe PDF format. To download Adobe Acrobat, use the following web address:

<https://acrobat.adobe.com/us/en/acrobat/pdf-reader.html>

eBudde™ has scheduled time-outs at 12 hours of inactivity. eBudde™ will close out your session, logging you out if you have been inactive in the system for 12 hours.

Navigating the System

+Add - The “+ add” button allows you to enter in additional records into the system. You can activate this button by clicking on it.

Edit - The Edit button allows you to change information on the page.

Cancel - The Cancel button allows you to return without adding or making changes.

Save - The Save button allows you to save your information and return to original screen.

Submit - The Submit button allows you to submit your cookie, delivery and rewards orders.

Tabs – The tabs available on the page allow you to add, change, delete or view information. These tabs are specific to the user access level. Council users see the council tabs, areas see the area tabs, service units see the service unit tabs, and troops see the troop tabs. Below is an example of the tabs. To select a tab, click anywhere on the tab.

Tab Key – The tab key is used to move from one box of information to another on all screens.

System Access

eBudde™ is part of the Little Brownie Cookie Tech Portal. This system allows for easier access to all Little Brownie Tech tools. No longer are there default passwords. If you were in the system last year, your email and password will remain the same. You will be asked to create a new password for the new season the first time you log in. You can now get to eBudde™ from two ways – <https://ebudde.littlebrownie.com> or <https://cookieportal.littlebrownie.com>

Each user will get a welcome email from eBudde™ that has a unique link for logging into the system for the first time. This link is unique to you, cannot be used by others and has a time limit assigned to it. If you were in the system last season, you will be required to change your password

First Time system user

The process for gaining access as a first time user is:

1. User receives “welcome email” with login link
2. Click on the link
3. At the password screen, enter and confirm personal password
4. At the profile screen, enter same personal password that you used in Step 3. Also review/enter all additional information
5. Enter Little Brownie Cookie Tech Portal system
6. Confirm account update via email link

Details of the steps and screen shots are included below.

Step One - User receives “welcome email” with login link

Menu Bar

The Menu Bar provides additional support for you in eBudde™.

Season drop down - Allows you to see previous season's data (if applicable)

Quick Links – This provides a list of additional links for easy access.

Cookie Portal – This provides a link for going back to the portal that shows all your application access.

LittleBrownie.com – This provides a link for you to go to the Little Brownie website that has additional resources.

Digital Cookie – This provides a link for you to go to the GSUSA Digital Cookie website where your girls can send emails to customers, customer can purchase cookies and girls can track their cookie sales. (if applicable)

Cookie Calculator – This provides a link to the new cookie calculator.

The cookie calculator is a helpful tool that allows you to calculate the selling prices of cookie varieties.

Log Out – This allows you to log out of the system.

Troop Tabs

eBudde™ provides a variety of features for troops to track their cookie sale information. Your council will specify which features you will need to use. Some screens may look a little different as your council can tailor eBudde™ to meet your needs. In addition, some tabs may not be available to you as well.

Dashboard – Default screen that shows important messages, calendar, checklist and dates

Contacts – Allows you to edit your contact information. This includes name, address and phone number. This **DOES NOT** include changing the email address. That must be done from the login screen.

Settings – This allows you to change the number of girls selling, registered, program age level, rewards option, banking information as specified by your council. You can also add additional troop contacts.

Girls – This allows you to enter girl names, grade, id and goal information

Init. Order – This option is for entering your troop initial cookie order

Delivery – This option is for selection of delivery site (if applicable) and a printout of cookies order, delivery site, and pick-up time (if applicable)

Girl Orders - Track girl initial, booth and additional orders and payments

Transactions – List all cookie transactions, initial order, cupboard pickups, and troop-to-troop transactions.

Txn. Pickups – this tab allows you to confirm cupboard pickup if cupboard is using contactless pickup.

Cookie Exchange – Post that you have available cookies by variety and see what is available from others.

Rewards – Troop reward ordering

Booth Sales – (Optional) This option allows you to select council booth sale sites and/or request a troop booth sale site.

Payments – Troop payment to council recording

GOC Org. – (Optional) This option allows you to record troop donation organizations.

Sales Report – Recap of all troop information. Initial order, additional cookies, troop profit, payments and submitting total Gift of Caring numbers (if applicable)

Reports – A variety of reports are available for your use.

Help Center – The new Help Center will provide you additional information on the eBudde system.

Dashboard Tab

The dashboard tab is the screen you will see every time you log into eBudde™. You can print the information on the tab if needed for reference. It will show you any important messages from your council and/or your service unit.

It also shows you a calendar of dates. These dates are important because they inform you of when you can start doing data entry and when you need to complete certain functions in the system. In addition, your council can add their own dates to the system.

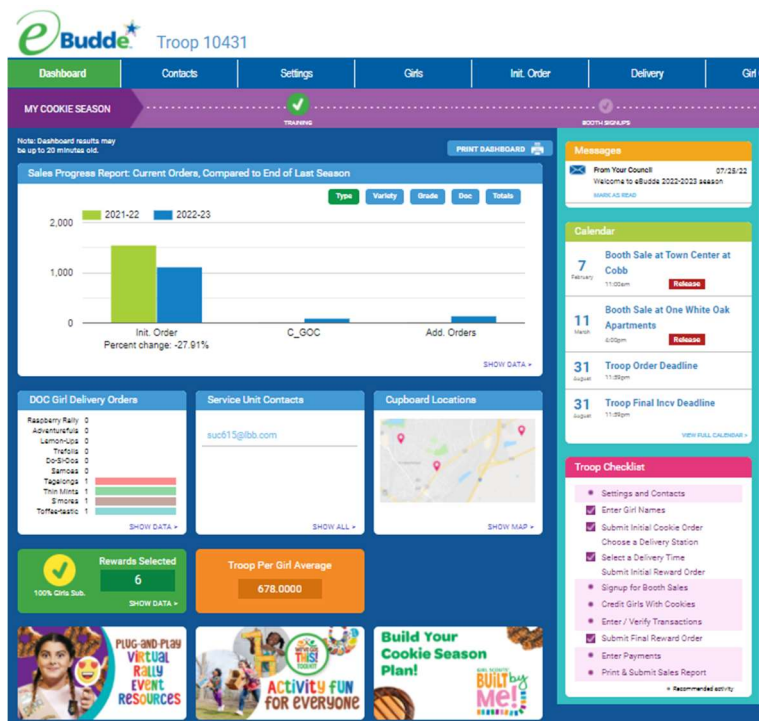

On the dashboard there is a troop checklist for tracking your activity. This will include the standard eBudde™ items and council-specific items. Some of the items will be checked off and some items are recommended activity. The checklist may vary depending on your council setup. Items that will be checked off include entering girls, cookie initial order, choosing a delivery station/time (if applicable), reward initial order (if applicable), and reward final order.

Your troop's upcoming Booth sales will display on the dashboard. The service unit contacts will list on the dashboard

The Girl Delivery orders will only show if you are a Digital Order Card council that does girl delivery. If you are a Digital Order Card council that does not have girl delivery orders, it will list as none.

There are also additional dashlets of information handy to see your progress against last season and throughout the current season,

There will also be resource links that will change throughout the season for your reference.

Timeline

The timeline is set up by your council to let you know what needs to be done when and when that period has passed. This is an example only as council can create a customized version just for troops.

Dashboard Header

You can print your dashboard items by clicking the print dashboard button. Also note that the dashboard refreshes every 20 minutes. So if you have made a change, you may have to wait 20 minutes before the dashboard updates.

Dashboard Side Pane – Right Side

You now will have notification messages from your service unit/council that are dates, prioritized and can be marked read. A priority message will have a star next to the envelope. If there is a longer message, there will be a [Read More](#) link to read the entire message. The service unit/council will now be able to have multiple messages if necessary. All read messages will fall to the bottom.

The dashboard will display upcoming dates. If you need to see a full calendar, you can click **View Full Calendar**. It will display in another browser window a monthly calendar.

You can now release a booth site that you can no longer attend from the calendar on the dashboard.

The dashboard will display a checklist of items that you will need to do. Some items will get checked once you complete them like submitting your initial order. Others are just for your reference.

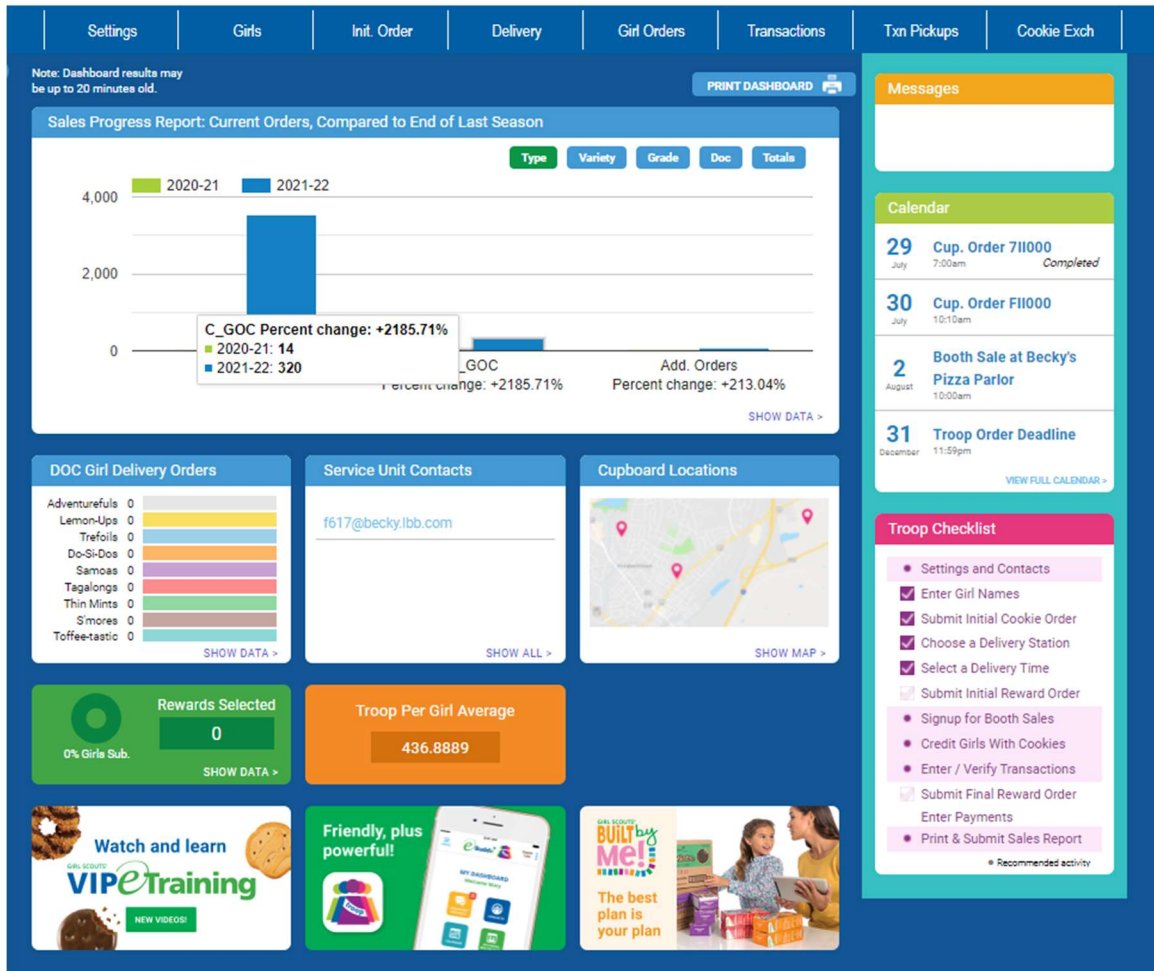

Dashboard Data

What data you see on your dashboard and the layout of your dashboard is dependent your council setting it up. All troops see the same layout which will include current statistics and comparison with previous season statistics.

The example below shows what you may see – Order sales totals (now called Sales Progress Report: Current Orders, Compared to End of Last Season) for Type of order, orders by program age level, orders by grade and if your council participates in Digital Cookie, orders by Digital Cookie type. In addition, you will be able to see, rewards statistics, service unit contacts, cupboard locations and links for additional resources. There is a new infographic this season to show Troop PGA (Per Girl Average). These links will change throughout the season to give you resources that apply to your timeline.

Troop 18020 Dashboard

If you see this message on your dashboard, contact council product sale staff or your service unit volunteer to make sure it is corrected.

Troop 18024 Dashboard

The dashboard features a navigation bar with the following items: Settings, Girls, Init. Order, Delivery, Girl Orders, Transactions, Rewards, and Booth Sites. Below the navigation bar, there are four status indicators, each with a green checkmark: COOKIE TIME!, IO DEADLINE, BOOTH TIME!, and CUPBOARDS OPEN. A central warning message in orange text reads: "An I/O discrepancy has been detected, please notify your council." To the left of this message is a note: "Note: Dashboard results may be up to 20 minutes old." To the right is a "PRINT DASHBOARD" button with a printer icon. At the bottom, there are three buttons: "Service Unit Contacts", "DCC Girl Delivery Orders", and "Cupboard Locations".

Contacts Tab

The Contacts tab allows you to change your contact information, email caregivers and add additional contacts.

To edit your contact information, click **Edit** below your name. Since we now have the new Cookie Tech Portal, you will need to change the information in the portal which will update eBudde™. When you click the **Update Contact Info** it will take you to the Cookie Tech Portal. Your information will be changed there and in eBudde™.

You can click the button Jump to Mobile to be able to see eBudde using the mobile app.

You also have a section to just update your email preferences that are specific to eBudde™. DO NOT uncheck the active box or you will lose access to eBudde.

eBudde displays the number of seasons that a contact has been in eBudde.

The system will open up the email page. You are now able to email individual girl caregivers or all caregivers. The system shows you the information you need to send the email. This is an email blast and there is

no way for the caregiver to reply to you from this email as eBudde does not have an inbox. Emails are outgoing only.

Caregiver E-mail:

Calling all cookie communicators!

Please help us keep the eBudde™ system humming by using the best tool for the communication job:

1. For basic information such as policies and procedures, post files on your council's section of the VIP eTraining system. Volunteers can access them again and again without bogging down the system.
2. For alerts and timely reminders, use eBudde's™ in-system messaging. Now you can upload your file and the link will be sent to recipients. The attachment link will expire 45 days from the day of upload.

Remember 'Caregiver email' is provided as a convenience to broadcast information to the caregivers for your girls. Unlike the 'Notices' system, email messages will only go out once per 'send'. Recipients will not be able to reply to this email.

When you use the best tool for the communication job, you help keep eBudde™ quick and lively for everyone. Thanks!

The system will display a screen with instructions and email limitations. There is no replying of email in eBudde™. You can send one or more attachments with your email as long as the total size does not exceed 5 MB.

To ensure that your recipients receive this email you may want to inform them to specify in their email system to allow the following email address as an allowable sender: do_not_reply@littlebrowniebakers.com

NOTE: If you add attachments, eBudde™ will not send attachments via email. eBudde™ will upload your attachments and send a link to the attachments via email to your selection. The links will be active for 45 days from date sent.

You will need to check the CAPTCHA box to send the email.

This emailing system allows messages in plain text and in html. The HTML allows for additional formatting.

Click Send Email to send the email to the caregivers. Click Cancel to cancel sending the email.

Adding Contacts

You can now add contacts on the Contacts Tab. Click the **+Add** button to add a new contact. When you press the button eBudde displays the entry screen. The only field that is required is the email address. The first time the user logs in they will be required to enter the additional information. Digital Cookie requires a email and first name and last name. New this year is the ability to enter in your GSUSA ID number.

You will need to select the role using the dropdown. A user can be a troop leader and cookie chair which gives full access to the troop user. There is a view only user that cannot enter data. Also there are two other roles, Troop Booth Recorder Only User and Troop Cookie Pickup Only User. These are very specific, very limited roles meant to allow caregivers to either record a booth sale or pickup cookies at a cupboard. Troop Leaders and Cookie Chair already have this access. DO NOT add yourself into on of these roles or you will lose your leader/cookie chair permissions.

Enter in the contact information.

First name: (Optional) – You can enter in the contact’s first name. The contact person once they log in can enter it as well..

Last name: (Optional) – You can enter in the contact’s last name. The contact person once they log in can enter it as well..

Email: – Enter the email address of a new troop contact under the appropriate header

GSUSA ID: - Enter the contact GSUSA ID if applicable.

Active – If you enter a new troop contact, mark if you want this user to access the computer web-based software system. Uncheck the box if you do not want this user to access the computer web-based software system.

Receives email – If you enter a new troop contact, mark if you want this user to receive order confirmation emails. Uncheck the box if you do not want this contact to receive order confirmation emails.

Primary? – You may designat a contact as the primary contact in the category. This designation will allow eBudde™ to send primary contact specific emails from council and will be the contact that appear on some of the updated reports.

Add to all seasons? – Allows you to give the contact access to the troop records for previous seasons.

Click Save to save the contact. Click Cancel to not add the contact.

Special Troop Contacts

There are two troop contacts that may be available, Troop Cookie Pickup Only Users and Troop Booth Sale Recorder Only Users.

If your council uses the eBudde app, you may specify additional cookie-pickup people know as Troop Cookie Pickup Only Users. For example, if you have a parent picking up cookies for you and your council uses the eBudde app, you will need to add this person's email in eBudde™. This user does not have access to anything in eBudde™ except updating their own contact information. Their email and password will be used by the eBudde app to verify that they are allowed to pick up cookies at the cupboard.

NOTE: As a troop leader or troop cookie chair, you are able to pick up cookies. DO NOT add yourself as a troop pickup person or you will LOSE ACCESS to the other tabs in eBudde™.

Role:

Troop Leader

- Troop Leader
- Troop Cookie Chair
- Troop Booth Recorder Only User
- Troop Cookie Pickup Only User
- Troop View Only User

If your council uses the Booth Sale recording option, you may specify additional booth sale recorders users. If you have an adult in charge of the booth site that is not in eBudde™ and you want them to record the booth site sales, you will need to add them in as a Troop Booth Recorder Only User. This will allow them to record the booth sales on the mobile app and/or in eBudde™. They will also be able to change their contact information in eBudde™. They WILL NOT have access to any of the other troop tabs in eBudde™.

NOTE: As a troop leader or troop cookie chair, you are able to record booth sales. DO NOT add yourself as a troop booth recorder only user or you will LOSE ACCESS to the other tabs in eBudde™.

Each girl will have three rows on the page. One is the order card row which allows you to do data entry for the order card order from the girl. The next row is the DOC Girl Del. row which is not editable. These are girl delivery orders, approved by the parent and sent from Digital Cookie to eBudde. These orders match the girl delivery approved orders in Digital Cookie. The last row is a total of the Order Card and DOC Girl Del. rows. These are the cookies that will be distributed to the girl during the initial order delivery.

If a girl is marked inactive, you will not be able to enter an initial order for the girl. Her record will be greyed out and a lock icon will be displayed next to her name.

Delivery Tab

The delivery tab allows you to select your cookie delivery site and time and also view your delivery information. You may or may not be required to enter information on this tab. The purpose of this tab is for a troop to be assigned to a delivery pick up site for the initial cookie order. In addition, your council may allow you to select your **PREFERRED** pick up time. See your council for specifications.

The screenshot shows the eBudde interface for Troop 10431. At the top, there is a navigation bar with buttons for Dashboard, Contacts, Settings, Girls, Init. Order, Delivery (highlighted in green), Girl Orders, and Transactions. Below the navigation bar is the heading "Delivery Pickup". To the right of this heading is a "Submit" button. Below the heading is a "View Confirmation" button. The main content area features a table with two columns: "Variety" and "My Troop". The table lists various cookie varieties and their corresponding counts for the troop. Below the table is a "Pickup Total" row showing a total of 93. At the bottom of the form is a section titled "Who is picking up your cookies?" with two radio button options: "Someone from my Troop" and "Some other Troop (or my SU)".

Helpful Hints

- Bring people to help, but remember, people take up room just like cookies, so adjust the number of vehicles accordingly.
- Every effort will be made to respect your delivery time. But sometimes it's not possible to have everyone pickup at their exact time. Please be patient. We're all here to have fun and get the cookies!

Contactless Delivery Option

Your council may decide to use a contactless method of delivery. If so, the confirmation form is your key to the success of this method. On the confirmation form you will now find a **PICKUP CODE** that you will need at delivery time.

The **PICKUP CODE** is the starting point to a **CONTACTLESS** delivery.

The information here is just an example. Not the actual code and pickup number. The process is as below:

1. You will need to check in. This is done by texting 741792 to 1-225-398-3281.
- 2.

3. You will get a response from the system saying you are checked in. Be sure your troop number and total cases are correct!

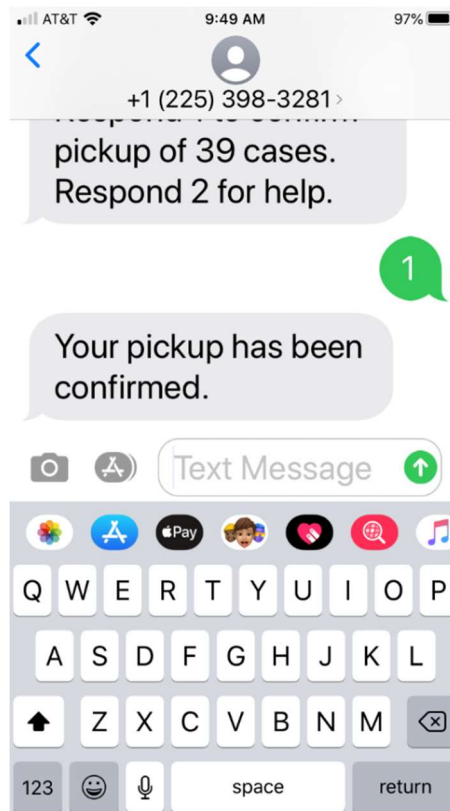

4. Once your order has been fulfilled, the delivery clerk will release the cookies. You **MUST** confirm that you received the cases and you agree on the variety amounts. You will also have the opportunity to ask for help if assistance is needed,

5. If you agree with the order, type in a 1 to confirm. This will complete your **CONTACTLESS** delivery pickup. An email will be sent to you with the details of your order by variety to all troop leaders and cookie chairs.

If there is an issue with your order, type in a 2 to get help from your delivery clerk. Your council can then help resolve your issue.

Girl Order Tab – Category Format

This tab allows you to enter by girl, additional cookie orders, booth sales packages sold, Gift of Caring pkgs and payments. You can add a comment on each row. There are two views of the girl orders. You can see a summary troop view or each girl's detail. The system defaults to the troop summary view. Your council may limit your girl transaction to not exceed the troop package total. You will also see all you Digital Cookie Orders by girl on this screen.

[Record Sale](#)

The girl orders summary view shows a total row for each girl. The girl order tab does not track cookies by varieties. Cookies orders are now in columns by types of sales – initial, booth and other.

Uses DOC – A check mark denotes that the girl has access to the Digital Cooke system

Initial – These cookies were sold at initial order time and this number will match the girl’s order on the initial order tab. This number is locked and cannot be changed on the girl order tab. To change this number, it must be changed on the initial order tab.

Booth – These cookies are the cookies the girls sell at the booth sites.

Other – These are additional cookies that are sold after the initial order but are not sold at a booth sale. This could include additional sales to customers, walk-about, etc.

Total – Total of cookies sold by the girl.

Total Due – This figure is calculated by taking the total cookies sold and multiplying that by the selling price to the customer.

Paid – This column will display all payments made by the girl to the troop.

Bal Due – This is the balance that is still due from the girl.

There may be additional column(s) for tracking Gift of Caring/Donation programs that are specific to your council.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pickups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale. As you assign cookies to girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

eBudde™ tracks all girls. Girls can now be flagged inactive. If they are flagged inactive they will not show up at the bottom of the list in grey. Inactive girls must always have 0 packages sold and no balance due.

The girl view will show you the detail transactions for the girl. The first row will usually show the initial order which is locked and cannot be changed on this screen. You will need to change these numbers on the initial order tab. If the initial order tab is unavailable you would need to contact your appropriate council staff/volunteer.

+Order – This button allows you to add packages and payments to the girl. You may add as many orders as necessary. You can enter in order transactions, payment transactions or both in one transaction.

+Payment – This button allows you to add only a payment. You may add as many of these transactions as necessary.

Save – This button is to save the transactions you have created. If you do not save your data, you will lose that data.

Switch to Girl – This allows you to enter transactions for another girl without having to always go back to the troop view. Click the dropdown arrow and select a girl name.

All Orders – The All Orders drop box allows you to see all of the girl’s records, initial order recap, and/or inventory items (if applicable) girl delivery records (if applicable)

Cancel – This link allows you to return back to the girl orders summary view. Any transaction entered will automatically be displayed on the summary view.

Sending Girl Order Information to Digital Cookie

Your council can choose if eBudde will be sending girl order tab information to the parent/girl inventory/financial pages in Digital Cookie. The column is labeled **Inv**. If you check this box, the information on that line will be sent to Digital Cookie to help the parent/girl know that more cookies have been given to her OR payments have been received by her.

So when do you check this box? You check the box only if it is additional cookies being given to the girl for offline orders and for payments for offline orders. You do not send over booth packages/payments as those records are just for the credit to the girl and are not physical packages that the girl is given. You do not check the box for packages given to fulfill online orders as those orders are already recorded in the Digital Cookie system. If you accidentally check the box, you can uncheck at any time. The information will be sent to Digital Cookie as data entry occurs so it is visible to the parent/girl in real time.

To help you keep track of those records, you can see only records marked in the **Inv.** column by selecting Inventory Items in the drop down.

When you select Inventory Items, the system will list only the items that marked in the **Inv.** column

Girl Order Tab – Varieties Format

This tab allows you to enter by girl, additional cookie orders, booth sales packages sold, Gift of Caring pkgs and payments. You can add a comment on each row. There are two views of the girl orders. You can see a summary troop view or each girl's detail. The system defaults to the troop summary view. Your council may limit your girl transaction to not exceed the troop package total. You will also see all you Digital Cookie Orders by girl on this screen.

NOTE: Rasp is the new Raspberry Rally Digital Cookie shipped only cookie. You will not be able to edit that column.

The girl orders summary view shows a total row for each girl. Cookies are recorded by variety

Uses DOC – A check mark denotes that the girl has access to the Digital Cooke system

Council GOC – Your council's acronym for the council Gift of Caring

Varieties – Lists each variety

Troop GOC – Your council's acronym for a troop Gift of Caring (if applicable)

Total – Total of cookies sold by the girl.

Total Due – This figure is calculated by taking the total cookies sold and multiplying that by the selling price to the customer.

Paid – This column will display all payments made by the girl to the troop.

Bal Due – This is the balance that is still due from the girl.

FYI GOC – Your council's acronym for a FYI Gift of Caring (if applicable)

There may be additional column(s) for tracking Gift of Caring/Donation programs that are specific to your council.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pickups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale. As you assign cookies to girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

eBudde™ tracks all girls. Girls can now be flagged inactive. If they are flagged inactive they will not show up at the bottom of the list in grey. Inactive girls must always have 0 packages sold and no balance due.

The girl view will show you the detail transactions for the girl. The first row will usually show the initial order which is locked and cannot be changed on this screen. You will need to change these numbers on the initial order tab. If the initial order tab is unavailable you would need to contact your appropriate council staff/volunteer.

+Order – This button allows you to add packages and payments to the girl. You may add as many orders as necessary. You can enter in order transactions, payment transactions or both in one transaction.

+Payment – This button allows you to add only a payment. You may add as many of these transactions as necessary.

Save – This button is to save the transactions you have created. If you do not save your data, you will lose that data.

Switch to Girl – This allows you to enter transactions for another girl without having to always go back to the troop view. Click the dropdown arrow and select a girl name.

All Orders – The All Orders drop box allows you to see all of the girl’s records, initial order recap, and/or inventory items (if applicable) girl delivery records (if applicable)

Cancel – This link allows you to return back to the girl orders summary view. Any transaction entered will automatically be displayed on the summary view.

Sending Girl Order Information to Digital Cookie

Your council can choose if eBudde will be sending girl order tab information to the parent/girl inventory/financial pages in Digital Cookie. The column is labeled **Inv.** If you check this box, the information on that line will be sent to Digital Cookie to help the parent/girl know that more cookies have been given to her OR payments have been received by her.

So when do you check this box? You check the box only if it is additional cookies being given to the girl for offline orders and for payments for offline orders. You do not send over booth packages/payments as those records are just for the credit to the girl and are not physical packages that the girl is given.

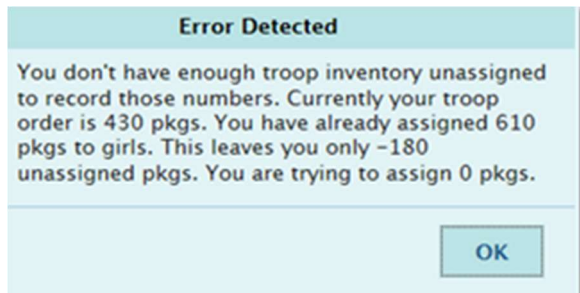

You do not check the box for packages given to fulfill online orders as those orders are already recorded in the Digital Cookie system. If you accidentally check the box, you can uncheck at any time. The information will be sent to Digital Cookie as data entry occurs so it is visible to the parent/girl in real time.

To help you keep track of those records, you can see only records marked in the Inv. column by selecting Inventory Items in the drop down.

When you select Inventory Items, the system will list only the items that marked in the **Inv.** column

Girl Order Tab – Lock Transaction Option

Your council may lock the girl transactions so that you cannot over allocate packages. This means that eBudde™ will not allow more packages to be given to the girl than the troop has ordered and/or picked up from the cupboard. If you try to over allocate packages, eBudde™ will give the following message:

Keep this in mind if you as a troop give boxes away. Example: If your troop initial order is 100 packages and you distribute those 100 packages to the girls; you will not get any errors. If you create a troop transaction that moves cookies from your troop to another for 2 boxes, the next time you go to any girl record, you will get the message above. The best practice is to update your girl order tab before you create your transaction to avoid errors.

Initial Order Transaction

The initial order transaction will show up once you submit your order to the service unit and they submit to council. It will have receipt # of (Init. Del.) . It will always be locked to changes. If it is not correct, see your council who can adjust appropriately.

Troop transactions from Other Sources

The transactions tab will also list cookie transactions from any other sources that the council has available.

Troop to Troop Transactions

The troop transaction tab is where you can record that you got/gave away cookies to another troop. Only one record needs to be created as it is a two-sided transaction. If the troop giving away the cookies creates the transaction,

you will put the other troop as the second party. Once you complete the record by saving, you will see it deducted from your inventory and the other troop will see it added to their inventory. Corrections can only be made on the troop that created the transaction.

Digital Cookie Transactions

Any orders that are shipped to the customer from Digital Cookie will appear here on the transaction tab as the troop gets credit for those packages sold. Payments for those packages will also show on the payment tab as they are paid through the Digital Cookie system. Because there may be many, many orders we have recapped those orders into one row. However you can expand those by checking the **Exp. DOC Orders** button.

Exp. Doc Orders

Pending troop orders (optional)

Troops can now place pending cookie orders to service units and/or cupboards. You can use the dropdown to see your pending orders. Cupboards may require pending orders to be place a certain time prior to pick up. Example – they can set that the transaction needs to be in 24 hours to the date/time in the pickup option.

Inventory Balances

The inventory balance located at the bottom of the screen is a tool for the troop cookie person to know what cookies they are responsible for.

Second Party: - this refers to the other party that is getting/giving the cookies. Is the transaction you wish to enter with a cupboard, a service unit or a troop? You would select it by clicking the party you want to transact with. If you click on troop, a box will open for you to put the troop number in. If you click on cupboard, a dropdown will display of all the cupboards you have available to pickup from.

Pickup – You can specify a preferred pickup date and time. The cupboard may require that you select a date and time when the cupboard is open for business. When you select the cupboard the days and hours a cupboard is open will appear under the Hours of Oper. header. This is optional for troop-to-troop transactions

Schedule - Lets you know what days and times the cupboard you selected is open.

Schedule Notes – Lets you know if there is any additional cupboard information you need to know.

Contact Info – This information allows the other party to contact you if needed. eBudde™ will pre-fill this information with your contact information.

Product Movement: You have two options. Remove Product or Add Product - If cookies are being added to your troop, click Add Product. If cookies are being removed from your troop, click Remove product.

Enter the quantities of product in either cases, packages or both. The system will total the information for you so you can verify accuracy.

Create a Pending Order Request for a Cupboard (Optional)

A troop can create a pending cookie order request for a cupboard on the transaction tab. If your council has this option available, the order is created automatically if the following options are selected on the product transaction form:

Second Party: Cupboard is selected and a cupboard number is entered

Product Movement: Add is selected

Additional Info: Lets you know if any varieties are unavailable. The variety data entry box will be greyed out.

When you click **Save** and the transaction is displayed on the grid **under the pending option or all option**.

The transaction may be locked immediately or your cupboard will lock the transaction appropriately according to council's process. Your council will advise the locking timing.

If a cupboard has entered their hours of operations in the system, these hours will be viewable under the Schedule section that pops up when you select the cupboard. The cupboard may also have additional notes that will be displayed above the contact information.

A cupboard can also require that the pickup date and time be within the hours of operation. If you try to schedule a pickup time that is not within that timeframe, the system will give you a transaction error message. Cupboards can specify lines which can choose at time of ordering. You will not be able to save the transaction until you enter in a valid date and/or time.

A cupboard can require that there is a deadline for when the orders can be placed in the system for pickup.

Txn. Pickups

The Transaction Pickup tab allows for contactless cupboard pickups where you acknowledge that you have picked up the cookies at a cupboard.

The state of the Txn. Pickups tab is dependent on where you are in the process.

The process is as follows:

1. Troop creates a pending order
2. Cupboard releases the order
3. Troop confirms the order

Troop has created the order – Txn Pickup shows:

The screenshot shows the eBudde interface for Troop 10431. The navigation bar includes: Dashboard, Contacts, Settings, Girls, Init. Order, Delivery, Girl Orders, Transactions, and Txn Pickups (highlighted in green).

Cookie Exchange

The Cookie Exchange allows you to see what cookies other troops have to exchange. It also allows you to post what extra cookies you have to exchange. Your council will determine if the troops you see are council-wide or only within your service unit/area.

When you first go to this tab, you may see all zeros until you and other troops post your transaction. A troop only has one record that you can overwrite as your inventory changes. eBudde™ does not verify the numbers entered by the troops.

eBudde™ now gives you some additional information on the Cookie Exchange page. You also have an easy way to zero out all your quantities – **Remove My Offering** so you can clear out when you no longer have any cookies to exchange. Remember all of the quantities are in PACKAGES.

You can now elect if you want to display your phone number to others as a means of contact.

Enter the quantities in packages in the variety boxes. Click **Update Pkgs to Exchange**. If you no longer have all the extras originally posted, changed the quantities appropriately and click **Remove my Offering**. The submission will **OVERWRITE** the previous submission. There is only one record per troop in the Cookie Exchange.

To see what cookies are available by other troops:

Click the blue down arrow to the left of the variety. eBudde™ will display the troops that have extra cookie packages. It will list for you the date posted, the troop number, quantity available, the first name of the contact, email address and phone number. You can then contact that person via email/phone to make the exchange.

Rewards Tab

There are two methods of entering in rewards. The rewards tab is for troops placing a compiled troop reward order. You may also create reward orders by girl.

Troop Reward Order

Troop Rewards Order Forms

NOTE: The Initial Rewards Order option may not be available. This is an option that can be selected by your council.

For this example we will be working with the Final Rewards Order. The **View** button allows you to see the rewards order. The **Fill Out** button is for entering the troop order.

Click the **Fill Out** button. The system will display all the rewards available for selection.

If there is a reward based on PGA, the troop PGA will be displayed on the summary screen so you do not have to refer to the troop sales report.

Booth Sales

The Booth Sale tab is an optional tab. The use of the Booth Sale Module is determined by the council. A troop can sign up for a council booth site and/or request a troop booth sale as so designated by their council. Troops can also record what was sold and monies collected at a booth sale.

eBudde™ will notify troop contacts of an upcoming booth site daily starting 3 days prior to the booth sale.

Click the Booth Sales tab to use the Booth Sale module.

Record Sales (Optional)

A troop can record their booth site sales. The troop records total packages sold and then can distribute those packages to the girls. You can record sales for both council sites and troop requested sites.

The screenshot shows the eBudde Troop 10431 interface. At the top, there is a navigation bar with the following tabs: Dashboard, Contacts, Settings, Girls, Init. Order, Delivery, Girl Orders, and Transa. Below the navigation bar, the page title is "Booth Sales". On the right side, there is a "Cookie Calc." button with a calculator icon. In the center, there are two buttons: "Sign up for a Council Booth" and "Add / Edit a Troop Booth". Below these buttons, the section is titled "My Booth Sales". A yellow banner contains the text: "Choose the Sale that you wish to update and/or record sales." Below the banner, there are two buttons: "Email Signups" and "Find Free Slots". The main content area displays a list of three booth sales entries, each with a location pin icon, the name of the site, the date and time, the address, and an action button:

Click the booth site that you want to record sales against. You will be required to enter the total packages sold at the booth site by variety for the troop. eBudde™ will calculate the monies collected.

Click **Cancel** if you do not want to record the sales. Click **Revert** to revert back the changes. Click **Go to Distribute** to go to the girl distribution screen..

eBudde™ allows you to distribute the cookies among the girls attending the booth site. eBudde™ will assume all girls have attended by checking the box next to their name. If there is a girl that did not attend, uncheck the box next to her name. You can now select all or deselect all by checking the **(De)select all** box

You may key in the packages sold for each girl or let eBudde™ automatically evenly distribute those boxes. If you want it done by eBudde™, be sure the appropriate girls are checked and click the **Distribute** button.

Once you have completed all the data entry, click the **Submit** button. eBudde™ will create a transaction record on the girl order tab for each girl that you have checked.

If you need to make changes, you will not be able to make those changes on the girl order tab, you will need to go to the booth site tab for any changes.

This is what you see in the girl order tab for booth sale recordings.

Payments

The payments tab will allow you to view the payments made by your troop into the council cookie account. If your council allows, you can also enter the payments that you have made to the council. **This is not where you record your individual troop payments for troop proceeds**

The screenshot shows the eBudde interface for Troop 10431. The top navigation bar includes: Dashboard, Contacts, Settings, Girls, Init. Order, Delivery, Girl Orders, Transactions, Tsn Pickups, Cookie Exch, Rewards, Booth Sales, and Payments (highlighted in green). Below the navigation bar, the page title is "Troop 10431 Final Reward Order". The main content area is titled "Troop Payments" and features a toggle for "Expand DOC Payments" (currently unchecked) and a "+Add" button. Below this, a table displays payment records:

Total Payments \$ 556.00					
	07/23/22	Troop: 10431	DOC Bank	5 DOC Orders	\$56.00
	07/19/22	Troop: 10431	GSGATL Bank	becky1	\$500.00

As you enter payments they will be displayed on the screen. You can **Add, Edit, or Delete** payments.

By selecting Expand DOC Payments you can see the individual payments coming from Digital Cookie.

Adding Payments

Click the **+Add** button.

Add A Payment

<input type="button" value="Cancel"/>	<input type="button" value="Save"/>
Bank: <input type="text" value="GSGATL Bank"/>	
Date: <input type="text"/>	Amount: \$ <input type="text" value="0"/>
Refnum: <input type="text"/>	
Troop: 10431	

Select the bank, enter date, reference number (optional) and amount. Use the **Tab** key to move across the page. Press **Save** to complete the record or **Cancel** if you do not want to save.

Bank – Select the bank

Date – You must enter the date in this format mm/dd/yy. Each payment must have a date.

Amount – the amount can be a positive or a negative. You do not have to enter in the cents if it does not apply.

Reference Number – Reference is used to annotate the payment. This entry is optional. Possible uses for this box is to comment on the payment, to specify which bank the payment was made from, to enter an encoding number.

Troop # – Already filled out

Navigating the Payment Information Page

As you enter payments, the system displays the payments using a scrolling feature. To facilitate making changes there are several methods to navigate to the information that you need. You will want to use the method that best fits what editing you are trying to do.

Scrolling

Payments are displayed in the order keyed by default. You can scroll through the payment pages by using the scroll bar located to the right of the payment page.

Editing/Deleting Payments

You can change/delete a payment by selecting the payment. You will then go to the edit screen. You can delete by clicking the **Delete** button. You can edit by making changes and selecting **Save**. You can go back to the payment list by clicking **Cancel**.

GOC Org. Tab

The GOC Org. tab is where you record the organizations that you have donated your troop donation boxes recorded in the initial order and/or girl order tab. All fields are required except for the email address.

Enter in organizational information and click update. eBudde™ will then provide Additional data entry for as many organizations as you need to enter.

Sales Report

The sales report reflects all transactions for the troop in the system. It includes the initial order, any additional orders, payments and the calculation for troop profit, council monies and balance due. Gift of Caring/Donation cookies will automatically populate on the sales report from the girl order tab.

We have now secured the display of the bank account and routing numbers. These numbers will be hashed out as a default. Council can designate specific users that may see the full numbers.

Girl Delivery – Varieties Only – by Girl – (Optional) This report is for councils that are using the girl delivery option in the DOC. This report will print the girl delivery orders, varieties only, no donation. This is to help you to have a recap of those packages that you may need to order on your initial order for DOC and to help you at the end of the sale with DOC reconciliation. There are two parts to the report. A recap by girl and then all the individual orders for each girl.

Welcome to the eBudde Help Center

For Girl Scouts, eBudde is the engine that drives the business of Girl Scout Cookies. This cookie order management system links troops, service units, councils and Little Brownie Bakers so communications and orders run smoothly.

The eBudde Help Center is designed to guide you through the basics and help you overcome any special challenges that may come your way. In the Help Center, you're connected to a world of resources specially designed to help you have a great cookie season.

Appendix A – Gift of Caring Screen Shots

There are three different types of Gift of Caring – Council, Troop and FYI. These columns are optional. See your council manual for detail information. Any columns on the initial order tab will show on the girl order tab. However, there may be columns just on the girl order tab that are not on the initial order tab. The acronyms are council specific. The screen shots below are just an example.

Location and Specifications for the Initial Order Screen -

Council Gift of Caring (C_GOC) – This column will show on the far left column before the Lemon-Ups variety. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl and will be added to the financial dollars.

Troop Gift of Caring (T_GOC) - This column will show on the right as a column displayed before the Total column. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl. These cookies will **NOT** be added to the financial dollars. The expectation is that they will be ordered as booth/other on the initial order or at a later date.

FYI Gift of Caring (F_GOC) – This column will show to the far right of the screen after the total column. This is an informational column only. These cookies will **NOT** be part of the total boxes sold by the girl. The expectation is that the actual cookies have been ordered by variety and this is just to inform the council how many of these cookies are Gift of Caring.

Appendix B – Product Transaction Form Options

Cupboards now have the ability to select how a troop will place a pending order. Will it be predefined dates and times with times broken out in time slots. Will it be specific days with a range of times that you must adhere to. Will it be open where there are no specifics. See the three methods below.

Cupboards with days, times and slots, lines – Click in the Pickup box

The screenshot shows the 'Add Transaction' form with the 'Time & Place' section on the left and the 'Cookie Order' section on the right. A calendar for July 2022 is overlaid on the 'Cookie Order' section, with the date 30 highlighted. The 'Time & Place' section includes fields for Date (07/29/2022), Receipt (J8993), Troop (Alpharetta (258)), Pickup Date (07/30/2022), and Pickup Time. The 'Cookie Order' section lists products like Adventurefuls, Lemon-Ups, Trefols, Do-Si-Dos, Samoas, Tagalongs, Thin Mints, S'mores, and Toffee-tastic, each with quantity input fields. A 'Totals' row shows 0 for both columns.
