

## Quick Tip: Troop Proceeds

To view your Troop Proceeds:

1. **Login** to your troop campaign
2. Click the **Sales Report** tab
3. Your **troop proceeds** will show at the bottom of this report

Definitions:

- The per girl average (PGA) is determined by dividing the total number cookie boxes sold by the total number of girls selling. The PGA will change depending on allocation of cookies, acquiring or transferring cookies, or addition of girls selling.
- Troop Proceeds is the amount your troop earns after selling all the boxes of cookies your troop has checked out and your bill has been paid to the council and is based on the PGA.

Please Note:

- All monies from Cookie Sales should be deposited into your Troop Bank Account.
- After the ACH pulls are complete, your proceeds are left.
- Any remaining boxes of cookies count towards your troop's proceeds and will need to be sold in order to receive funds.
