The Council accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a "cumulative probability assessment" that aggregates the estimated tax liability for all uncertain tax positions. The Council has identified its tax status as a tax-exempt entity as its only significant tax position; however, the Council has determined that such tax position does not result in an uncertainty requiring recognition. Product Sales Program - Includes the cookie campaign and the fall product sale. Each program event helps underwrite program opportunities such as camping, program center activities, and training for adults and girls. Through participation in the product sales programs, girls develop five key business and leadership skills that last a lifetime: goal setting, decision making, money management, people skills, and business ethics. While monies earned through the product sales program are important to Girl Scouts of Gateway Council and our troops, the intangible benefits to our girls, such as building self-confidence, learning the importance of teamwork, financial and budgeting skills, realizing the importance of personal responsibility and the value of hard work, are equally important.
